Based on the surprise check conducted by the HQ CEs and SEs  
from 12.8.09 to 14.8.09, the following is instructed :-

- i. Frequent inspection of HT service connections by the field officers  
shall be conducted and 48 hrs notice shall be issued whenever excess  
demand violation or peak hour violations are noticed .
- ii. Division Level teams as already formed shall be suitably instructed  
to conduct surprise check in HTSCs intensively in all the circles and to send  
report to CEs/D every week.
- iii. In may case there is time lag between the meter timing set and real  
time clock which leads to compliant from industrialist for penalizing the peak  
hour violations. This is to be corrected.
- iv. Down loading of datas shall not only be compulsory ,the data down  
loaded shall be thoroughly analysed .
